Forever, helping you to be healthier...

Aloe vera (or Aloe Barbadensis Miller) is a succulent plant concealing a pure inner gel that has been used for centuries to improve health and enhance beauty.

Founded in 1978, and operating in over 145 countries, Forever and its affiliates have become the largest grower, manufacturer and distributor of aloe vera and bee products in the world. Avoiding the use of herbicides and pesticides, our patented stabilisation process ensures our aloe vera is essentially identical to the inner leaf gel. And because we are not dependent on any other supplier, we can guarantee the quality of our aloe.

The key to our success is therefore a commitment to quality and purity. We start with 100% inner gel, adding just enough other ingredients to produce outstanding products. The versatility of this product means that aloe vera can be taken as a drink or applied to the skin. Not tested on animals, the Forever collection is a testament to nature’s capacity to help us look and feel our best.

**Complete Money-Back Guarantee**

You will have the right to cancel any order within 14 days of it being placed. In addition, we are so confident that you will love our products, that we offer a complete money-back guarantee. If you are not completely satisfied with any item, simply return the receipt to your Distributor together with the unused part of the product or empty containers, within 60 days of the date of purchase and your Distributor will refund the price paid.
Our wide product range includes drinks, supplements, skincare, personal care, weight management and cosmetics.
Take any one of our four aloe vera based drinks on a daily basis to assist digestion and absorption of nutrients, to add vitamins, minerals and amino acids to your diet, but above all, to promote a healthy lifestyle.

For many centuries, aloe vera has been used for its powerful properties and health benefits by numerous civilisations around the world. Now, you can enjoy those benefits in four healthy varieties of fresh, stabilised aloe vera gel through our selection of drinks - Aloe Vera Gel; Aloe Berry Nectar; Forever Aloe Bits n’ Peaches; and Forever Freedom. Although taken as a drink, aloe vera gel is better described as a liquid dietary food. It contains over 75 different natural nutrients, providing a rich supplement to healthy nutrition. Drinking any one of the four options on a daily basis assists digestion and absorption of nutrients, adds vitamins, minerals and amino acids to your diet, but above all, promotes a good, healthy lifestyle.

The primary ingredient of all four varieties is pure aloe vera gel. Added to this are only the minimum amount of extra ingredients needed to stabilise the gel according to our patented processes. Some aloe producers begin their ingredient lists with ‘stabilised aloe vera gel’, and do not list the items added to turn their raw gel into stabilised gel. At Forever, we are confident of our processes, proud of our track record and pleased to offer the finest quality products to our Customers.
We don’t simply add a few drops of aloe but start with 100% inner leaf gel.

L-Arginine is an amino acid that is beneficial to overall health. Our bodies convert L-Arginine into nitric oxide, a molecule that helps blood vessels relax and open wide for greater blood flow. Greater blood flow supports many important functions in our body, such as maintaining healthy blood pressure and overall cardiovascular health.

ARGI+ provides your body with all of the benefits of L-Arginine. It also contains pomegranate; well known for its strong antioxidant properties; red wine extract to help maintain healthy cholesterol levels; and grape skin for cardiovascular and immune system health. ARGI+ also contains fruit juices which provide nutrients, essential fatty acids, berries that help neutralise free radicals and support healthy ageing and other ingredients which support healthy joint function.

ARGI+ maintains healthy:
- blood pressure
- overall cardiovascular health
- cholesterol levels
- immune system
- bones and tissue
- muscle growth

ARGI+ provides 5 grams of L-Arginine per serving, plus synergistic vitamins which give the body the boost it needs to keep going all day long, and deliver optimal performance to nearly every system in your body.

Just one scoop of ARGI+ mixed with water or your favourite aloe drink helps provide a performance boost to every part of you. Add optimal health to your family’s diet with the power of L-Arginine!
